

Email from Blaine High School Career Counselor Rick Shockey regarding the 2016 Career Fair\_021816

Thank you for coming to Blaine High School and presenting at our Annual Blaine High School Trade/Tech/Education/Career Fair. We appreciate your time and effort to help educate our students about the opportunities available to them after high school. This was the best fair yet and only hope to improve in the future.

It is our mission to help our students begin to think about their future goals as early on in their high school careers as possible. Much of the course work they complete in high school will help them transition smoothly to the next level of education. The Trade/Tech/Education/Career Fair has proven to effectively increase student awareness of how academic decisions made now can directly impact their choices and opportunities in the future. Your participation was and is crucial to this overall effort.

Many of the comments that the students talked about was the opportunity to gather much needed information along with networking with a valuable resource. If there is anything that you think we can add or subtract that would make you or the students experience better could you please let me know. You can contact me via e-mail at [rshockey@blainesd.org](mailto:rshockey@blainesd.org). Again we thank you. All of us at Blaine High School look forward to working with you in the future.

Please pass this on to others in your group that I may have missed. Once again thank you.

Sincerely,

Rick Shockey
