To Whom It May Concern:

I would like to thank your Fire Department for its efforts at the Goodell Fire (later referred to as the Upper Skagit Complex Fire). The success of defending the towns of Newhalem and Diablo from the wildland fire threat was only achievable by the outstanding efforts and teamwork displayed by your agency and agencies like it. The professionalism, dedication, and eagerness to help shown by your department members was greatly appreciated. Please extend my gratitude to the firefighters who participated in this incident.

Best Regards,
