North Whatcom Fire & Rescue

I received your response post card but I am unable to answer the questions. I only know what the doctors told me. The date of the response was April 3, 2017 around 4:30 AM. I only remember hearing someone call out "fire department" and then everything else pretty much went black until I woke up at Peace Health Hospital in ICU about 11:15 AM. Doctors Hinds, Philips and Wiesenburger all pretty much said the same thing. Without the knowledge, professionalism and determination of your team, I would not be here today.

I would have to rate the response team as excellent. I thank you all for saving my life.

A handwritten signature in black ink that reads "Barbara A. Cheatham". The signature is fluid and cursive.
