

Thank You Letter Received Sept 30th 2014

I'm sorry I don't know the names of the 3 great men who helped us!

I'm writing in regard to the excellent 3 fireman (or medics) that answered our 911 call from the World Mark, Birch Bay unit we occupied for 3-days. My husband's lower right arm was cold, blue and extremely painful. It turned out to be a blood clot and needed immediate surgery. The 3 man crew loaded our luggage, helped clean up the kitchen (we were eating breakfast) asked permission to drive our car as I don't drive and took us to Bellingham St. Joseph's Hospital (which also had the fastest and most helpful E.R. and hospital we have ever been in).

Harold received instant attention and surgery to remove a clot in his arm and was done in 4-hours. He stayed 2-days to recuperate and also check his heart and receive meds for both conditions.

We can't express how grateful we are for the firemen's courtesy and helpfulness. If you have some sort of fund for donations please accept this small donation in appreciation for your wonderful helpfulness,

Gratefully

Harold & Sylvia Hill
