This note is to highly commend and thank so very much, the awesome trio that came to help my Mother last night. They were exceptionally kind, professional, efficient and hilarious! A good sense of humor really helps during stressful times like this.

Their names were Craig, tall David and ? I'm sorry I can't remember the 3rd. They were all phenomenal.

My Mother did end up vomiting all night but is a bit better.

Thank you for what you do,

Happy Easter,

Kris Makela
