Dear Fireman Joel, Fireman Tom
and Fireman Kenneth,

Thank you for being so great to
me when you came to my Nona's
house after she set off the alarm
Company smoke detector.

Thank you for letting me sit in the
truck, push the green button to turn on the
lights (I still talk about how I wanted to
push the red button too)

Thank you for turning on the siren as
you drove away; it was awesome!
Anytime you are up for visitors my
brother Matthew and I would love to come say Hi!
