Subject: Medic Laurel

To the Laurel Station:

You answered a call to Tranquil Lane last week Friday at 5 AM and I was the patient who had a stroke and could not sit up or talk clearly. I want to thank you for responding and transporting me to Peace Health. Your crew was very professional, thorough and did a wonderful job. I was sent to Harborview from Bellingham because of the type of possible damage to the brain.

I am happy to report I am home, talking and walking and hope for a full recovery. I spent 26 yrs at Sumas as a fireman EMT so I know what you all go thru to have a good outcome on a patient. Again thank you so much for your good care. We will be sending a donation to you in appreciation.

Dennis Holmstrom.
