

to the North Whatcom Fire & Rescue

Thursday afternoon, Dec. 04,

Rob, Tom & Joel (From the A shift) came  
to our assistance at our home in Custer.

They arrived swiftly and assessed  
the situation. We can't thank them  
enough for scooping Michael up off  
the floor and getting him into our vehicle,  
so that we could drive to the ER.

They were VERY Professional,

compassionate & effective!

It is not clear how we would  
have managed the situation  
without them.

Please accept our most  
sincere thanks for your help.
