

WHATCOM COUNTY FIRE PROTECTION DISTRICT #21
(MULTI-YEAR LEVY LID LIFT)

Resolution 2026-04

A RESOLUTION of the Board of Fire Commissioners of Whatcom County Fire Protection District No. 21 (the "District"), providing for the submission to the voters of the District, at a special election to be held therein on August 4, 2026, a proposition authorizing a regular property tax levy of One Dollar and Twenty Cents (**\$1.20**) per One Thousand Dollars (\$1,000.00). This proposition would authorize the District to impose a regular property tax levy of \$1.20 per \$1,000.00 of assessed valuation for 2026 and thereafter and to provide for a limit factor pursuant to RCW 84.55.050 and subject to any otherwise applicable statutory dollar rate limitations, all as more particularly set forth herein.

WHEREAS, it is the judgment of the Board of Commissioners of the District that it is essential and necessary for the protection of the health and life of the residents of the District that the fire and emergency services enumerated in this resolution be provided by the District. Such services will necessitate the expenditure of revenues for maintenance, operations, and equipment;

WHEREAS, under Chapter 84.55 RCW, the District's levy increases are limited by state law to an increase of One Hundred and One Percent (101%) per year, plus the increase in assessed valuation from new construction, improvements, to property, and other specified adjustment, unless the voters of the District approve a greater increase;

WHEREAS, RCW 84.55.050(2) allows the District to increase the regular property tax levy in amounts exceeding the levy lid in each of six (6) consecutive years, if the increase is approved by a majority of the voters at an election to be held within the taxing district in conjunction with the state primary or general election;

WHEREAS, the District has determined it will not be able to maintain its present service levels to its citizens without the approval of a six (6)-year levy lid lift;

WHEREAS, the Board of Commissioners has determined that the accelerated demands for, and increasing costs of, providing services will necessitate the expenditure of revenues for improved capital facilities, additional staffing, apparatus maintenance and operations in excess of those which can be provided by the District's regular tax revenue levied at the current rate of approximately Seventy-Seven Cents (\$0.77) per \$1,000.00 of assessed valuation of taxable property within the District as limited by the 101% limitation;

WHEREAS, the Board of Commissioners has determined that the continued application of the one percent limit factor established by RCW 84.55.010 will not be sufficient to provide for the expected cost increases required to maintain and increase the level of services currently provided by the District;

WHEREAS, the funds generated by this levy will not supplant existing funds used for the delivery of fire and emergency services in the Whatcom County Fire Protection District No. 21 community; and

WHEREAS, the Board of Commissioners has determined that it is in the best interest of the District that the maximum allowable levy in the sixth (6th) year of the levy authorized by this Resolution serve as the levy base for purposes of applying the limit factor established by RCW 84.55.010 in subsequent years.

WHEREAS, the Board of Commissioners has determined that it is in the best interest of the District that the maximum allowable levy in the sixth (6th) year of the levy authorized by this Resolution serve as the levy base for purposes of applying the limit factor established by RCW 84.55.010 in subsequent years.

NOW, THEREFORE, BE IT HEREBY RESOLVED, as follows:

1. That the District shall provide fire and emergency services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles, and structures needed for the provision of fire and emergency services.

2. In order to provide the revenue adequate to pay the costs of maintaining and providing the services described in Section 1 and to assure the continuation and improvement of such services, the District shall, in accordance with RCW 84.55.050, remove the limitation on regular property taxes imposed by RCW 84.55.010 and levy beginning in 2026 and collect beginning in 2027, pursuant to RCW 52.16.130 and RCW 52.16.140, general tax on taxable property within the District at a rate of \$1.20 per \$1,000.00 of assessed valuation.

3. The District has determined that a limit factor of one hundred and three percent (103%) shall be used to determine the actual levy rate in 2027-2031, subject to the maximum statutory rate of \$1.50 per \$1,000.00 of assessed valuation. The funds raised under this levy shall not supplant existing funds used for the purposes described in Section 1.

4. There shall be submitted to the qualified electors of the District for their ratification or rejection at an election on August 4, 2026, the question of whether or not such levy shall be made.

5. The dollar amount levied in 2031 for collection in 2032 shall serve as the District's tax levy base for purposes of applying the limit factor established by RCW 84.55.010 in subsequent years.

6. The District's attorney is authorized to make such minor adjustments to the wording of such proposition as deemed appropriate or as may be recommended by the Whatcom County Prosecuting Attorney's Office or the Whatcom County Auditor and its Supervisor of Elections, as long as the intent of the proposition remains clear and as approved by the Board of Commissioners.

7. Pursuant to RCW 84.55.050 and 29A.36.071, the Whatcom County Prosecuting Attorney is requested to prepare the concise description of the aforesaid proposition for the ballot title in substantially the following form:

EXPLANATORY STATEMENT

Whatcom County Fire Protection District No. 21 (the "District") seeks voter approval to restore its fire levy to \$1.20 per \$1,000 of assessed valuation in 2026 and to increase its annual revenue by an amount up to 3%, if approved by the Board of Commissioners, in each of the five subsequent years. In the absence of voter approval, fire districts may only increase their annual revenue by 1% over the prior year. State law allows voters to expressly authorize a larger increase. This proposition would allow the District to exceed the limitation imposed by state law and to restore its levy in 2026 to \$1.20 per \$1,000 of assessed valuation.

This levy is the primary source of funding for emergency services provided by the District. Voter approval of Proposition No. 1 will provide funding for the District to slightly improve and expand fire and emergency medical services.
